Re: "Medical Aesthetician"

Nevada State Board of Cosmetology regulates licensing for the following vocations:

- Cosmetology
- Nail Technician
- Aesthetician
- Hair Designer
- Electrology
- Student Instructor
- Provisional Instructor
- Instructor
- Cosmetic Demonstrator
- Resort Limited License

Currently, in Nevada we do not regulate nor is there such a license as a "Medical Aesthetician". Other States may regulate this vocation, and there may be classes offered for this purpose.

Nevada State Board of Cosmetology's current position on this matter is as follows:

Do not need an Establishment License:

If aestheticians are working under a doctor – performing as a physicians' assistant under the direct supervision of a doctor on his/her patient. The Aesthetician is not permitted to post a license.

Do need an Establishment License:

If aestheticians are working under a doctor and practicing as an aesthetician – i.e. - performing services on the public in a doctor's office and not under the direct supervision of a doctor on his/her patient. Aesthetician License must be posted and the establishment must meet all requirements with The Nevada State Board of Cosmetology

If you have any questions regarding this matter please feel free to contact Nevada State Board of Cosmetology at the number listed above.
